CHURCH PLANTING **A N D** DISCIPLESHIP

3-YEAR STRATEGIC PLAN

2 0 1 9 - 2 0 2 1

A VISION FOR CHURCH PLANTING AND DISCIPLESHIP IN NORTHERN TOGO

As you know, planting churches in Muslim West Africa is not enough. We cannot stop there. To mature and grow the church holistically we must encourage effective disciples! It is for this very reason, NHMI has committed to aggressive discipleship and leadership development. We believe that highly effective discipleship produces highly effective leadership and without disciple-making, we will fall short in our efforts of producing leaders.

It is these very leaders who will plant healthy, God-centered, gospel-driven, grace saturated churches in Muslim West Africa. The lack of Christ-centered disciple making, and biblical evangelism is resulting in a loss of biblical values, consequently, Islam, nominalism, false teaching, and immaturity is evident in West African churches. All these characteristics highlight the need for effective discipleship to produce effective leaders who can plant mature churches. We now invite to prayerfully consider your response to the needs describe in this booklet.

Goal in year 1 – Phase 1

- On-going Survey team completes research in our targeted areas.
- Identify and prepare church planting team leaders.
- Send church planters for ongoing evangelistic outreach efforts.
- Establish consistent intercessory prayer meetings.
- Gather new believers for bible studies and consistent intercessory prayer meetings on Wednesdays and Sunday nights.
- Continue to train potential leadership teams in effective discipleship and Evangelism in the Muslim context.

Goal in year 2 – Phase 2

- Continue ongoing evangelistic efforts.
- Conduct four (4) seminars during the year for the church planting team leaders regarding how to gather a core leadership team in new local church.
- Disciple/mentor, and equip key pastors.
- Conduct six (6) months implementation training of effective disciple-making in new local churches.
- Church formation and launching of public worship if applicable.

Goal in year 3 – Phase 3

- Continue to implement strategic ministry action plan in new local churches effective discipleship.
- Multiplication of new church planting efforts.
- Obtain or purchase land and develop church building.
- Conduct training on mature Christian character and godliness through knowledge of the bible.
- Identify men for advanced training at West African Bible and theological Institute.
